I DON'T WANT A HIPPO

I don't want a hippo  
It probably would not fit in my house  
if it was even as small as a mouse

I don't want a pig  
It will dig

I don't want an elephant  
It wouldn't benefit

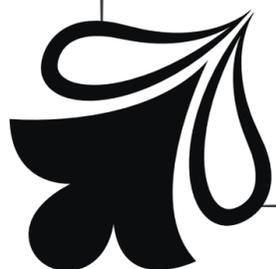

I just want a puppy  
all cute, sweet and slurpy

# My Spell

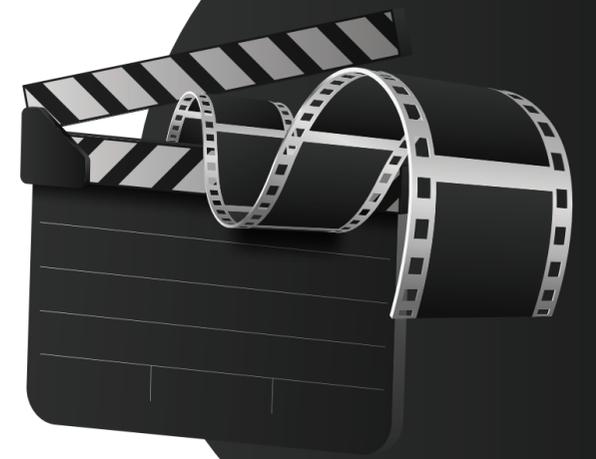

Take a lion's leg and then it will beg  
Buy a cat and make sure its fat  
get butterfly's wings  
Take care of your rings

Buy a few things  
Catch a unicorn that has just been  
born  
Then feed it on the green lawn  
Double Double Toil and Trouble  
Fire burn and cauldron bubble  
Here's my spell, Now catch it well

## Spots and the Heron

I am a puppy and I am four years old. My owner took me out on a boat ride to catch fish. I got on the boat and I went from one side to the other. Then a strange-looking bird started taking our worms, we needed those worms, but I couldn't stop her. She took two worms.

Then I started to play tug of war with the bird and the grand prize was the worm. Then, the bird flew away. When I peeped out, I saw that the bird's babies were hungry and they did not eat the fish that the bird gave them.

So, I felt very sad. I took a bunch of worms and gave it to the worm and her babies were very happy, but now, we didn't have any worms for our fishing. The bird gave us some fish in return for the worms and it was a great day!

## The Giraffe and the Butterfly

Once in a jungle, there lived a giraffe and a butterfly and other animals too. The giraffe ate all the leaves in the forest and the rest of the animals starved for years.

One day, the butterfly went to meet the giraffe, and the butterfly asked the giraffe "Why did you eat all the leaves in the forest and leave nothing for the other animals and me to eat?"

The giraffe answered "When I was a baby, my mother used to get food for me and my siblings, but we know now we don't have any food. Since we have very long necks we only can get the leaves from the trees. We can get only these."

# Fable

The butterfly then said, "You should have left some leaves for us to eat. Now, we don't have any food!"

The giraffe said, "I have some leaves that I just got now, and I can share it with the rest of the animals and you and we can all of us can collect leaves and put it at my house and we can all share whatever food we get."

The butterfly said "Good Idea!" and all the animals agreed and they lived happily ever after with lots of food

## The Treasure Island

Long ago, there lived a shark named Dust Beard, who had treasure and will never give his treasure up unless people solved his riddle. His riddle was "How do you make time fly?"

So, I was Captain Ellie and my sidekick was Goldie, the unicorn was going to find this treasure. So we got a map and went to Pirate Picture Island. There, the pirate started throwing paint at our ship, but we told them not to and so he didn't throw anything again and he joined us on our journey.

Our next stop was Monster Unicorn Island. A monster was making too much sunlight so we could not see where we were going. We told him not to do that and he joined us too.

# Pirate Story

We went to Mermaid Lagoon and there a Mermaid named Stacey took all our clothes, but we had more clothes. We told her "No more stealing clothes." She agreed and Stacey joined us too.

At last we went to Treasure Island. We went and got the treasure and I said "I love this treasure." Inside the treasure chest, there was gold, silver, bracelets, crowns, jewels and so much more! We took the treasure.

The next time, I will search for new adventures. But, I solved the riddle and the answer was "Throw a Clock out of the Window."
